# "JAY WALKING"

Trouble Starts When Traffic Squad Attempts to Keep Pedestriffus in Safety Zones.

Strict observance of the jay walking law was started by the traffic police today, and fromble began as soon as they had taken their posts. The officers are stationed in little safety squares on the main streets to direct the traffic and are stopping all attempts of pedestrians to walk out of the safety zones

The object of the law is especially aimed to force automobilists to be nore careful in turning corners and at treet crossings," Chief Jones said toay, "It will give the man on foot preience over the one in a vehicle when is inside the safety zones or painted es, and any meditents happening within these lines will be sufficient to old the motorist responsible."

According to the law an automobile oust stop when a street car is unloading and may only continue when the ar moves on. Automobiles must also w up at the safety zones and wait for a signal from the traffic efficer before continuing Should the lines. be free of pedestrians the motorist mist wait even then for the signal and if pedestrians are crossing street must bring his our to a complete

force until the people get accustomed to the law," said the chief. If per ence of the association the grain in ous see others exceeding to the zones dustry of the state was largely conwill naturally follow and if they trolled. The commission has not den't remember. trees the street in the middle of the the investigation. lock they will be arrested under a harge of jay wasking
